## ABOUT

I have worked as a Manual QA Engineer for 3 years. Of these, for 2 years, in addition to manual testing, I was engaged in automating games and routine work tasks using Python. I discovered a passion for programming through this experience. I strive to constantly improve my technical skills, to solve problems more effectively.

## SKILLS

Python, Django, PostgreSQL, SQL, Git, Github actions, Docker, TeamCity

## WORK EXPERIENCE

### Playrix

*Test analyst*

**06 2020 - 04 2023**
